Professional Summary

I am a Computer Engineering student with an interest in web development, UI/UX design, and problem solving. I enjoy building practical digital solutions and improving user experience through clean and functional designs. I have worked on projects related to campus management systems and productivity tools, and I am continuously learning new technologies to enhance my technical and analytical skills.

Key Skills

Leadership & Team Management | Competitive Problem Solving | Strategic Thinking | Decision Making Under Pressure | Event Organization & Coordination | Public Speaking & Technical Presentation | Time Management | Analytical Thinking | Growth Mindset | Creative Thinking | Adaptability |

Professional Experience

Vice Chairperson, IEEE Women in Engineering, Anand, Gujarat | 2026 – Present

Contributing to the leadership and activities of the IEEE Women in Engineering student chapter at MBIT. Involved in planning events, coordinating with team members, and promoting student participation in technical initiatives.

- Assisted in organizing technical workshops, seminars, and student engagement events
- Coordinated with committee members to ensure smooth execution of activities
- Supported planning and communication for various chapter initiatives
- Encouraged student participation in technology and engineering related events
- Contributed ideas for improving outreach and engagement within the student community

TPC Coordinator, Training & Placement Cell, MBIT College, Anand, Gujarat | 2026 – Present

Supporting the Training & Placement Cell in coordinating placement-related activities and facilitating communication between students and the placement team. Involved in organizing placement processes and ensuring smooth execution of recruitment activities..

- Assisted in coordinating placement drives and recruitment activities
- Facilitated communication between students and the placement cell
- Supported organization of placement-related events, sessions, and announcements
- Helped manage student participation and information during placement processes
- Contributed to ensuring smooth coordination during recruitment activities

Projects

CampusEase – Campus Management Platform | 2024-2026 present

Developed a web-based platform aimed at simplifying daily student life by providing multiple campus-related services in one place. The system focuses on improving accessibility to important information and resources for students and faculty.

- Designed and developed the platform interface using HTML, CSS, and JavaScript
- Implemented features such as attendance tracking, timetable, exam schedule, and campus notices
- Proposed an AI chatbot feature to help users quickly find campus-related information
- Structured the platform to include modules like lost & found, navigation, and canteen updates
- Focused on creating a simple, user-friendly interface for better usability and accessibility

Education

Bachelor of Technology (B.Tech), Computer Engineering, MBIT College, Anand, Gujarat

Higher Secondary Certificate (HSC), L.P Savani Vidhyabhavan , Surat, Gujarat

Secondary School Certificate (SSC), H.M.B Sardar Higher Secondary School

Additional Training & Certifications

AI Dashboards with Power BI Workshop, Skill Nation | 2025

Power BI Workshop, Office Master | 2025

SPU Ideathon, Sardar Patel University | 2025

HackNUThon 6.0, Nirma University | 2025

Blockchain Development, MBIT | 2024

Technical Proficiencies

JavaScript | Python | C | C++ | HTML5 | CSS3 | Data Structures & Algorithms | OOPS | DBMS |
Java | Data Analysis | | Excel | Power BI |

Awards

3rd Position- Hackathon 4.0, Charutar Vidhya Mandal (CVMU) | 2026
